JUDGE SWEENEY FINES S.F. MAN $100 IN COURT

Joe E. Schmidt, 36, 2400 Diamond street, San Francisco, was fined $100 by City Judge William F. Sweeney in traffic court last Friday afternoon.

Schmidt was arrested on the evening of July 6. He is alleged to have gone through a traffic signal at Hillcrest drive and Mission street. He is also said to have driven his automobile in an erratic manner and to have taken two lanes of traffic.

Police chased Schmidt for four blocks and stopped him at Vista Grande and Mission street.

When questioned by officers, Schmidt was found to be under the influence of liquor, according to the police report.

Schmidt was jailed on a charge of violating section 502 of the CVC. He was released on a $250 bond.

In court session last Friday the charge was reduced from "drunk driving" to "drunk in and about an auto."

Eugene Olsen, 142 Peoria street, was fined $10, and George Serrano, 285 Sagamore street, forfeited a $10 bail, in court. Both men were charged with being drunk in a public place.

The largest number of fines were given out for violating the hill hold regulations. Fined were John Addison, F. H. Alberg, Carl Arnoldus, Harold Banks, Thomas Beeson, Robert Blue, Mary Hutley, Raymond Salesbury, H. Malick, Hans Michaelson, Mary Bojanicj, W. P. Ziazzard. Their fines were $2.50. Morris Lockman was fined $5 and George Haywood was fined $1.50 for violating the same regulations.

Jacque Rolph was fined $7.50 for speeding. Five dollar speeding fines were given to Fred Beard, Victor Carlo, Joseph Combiano, Alfred Cagne, Dorothy Lutetich, Alfred Modenam and J. B. Stacy. Speeding fines of $2.50 were given to Milton Reid, Frank White, Victorio Spiria, and Vincent Cotter.

Other court fines were as follows:

Frank Pace, $2, for overnight parking.

Ralph Reiley, $2.50, for passing on the right on a highway.

Walter De Wall, $2.50, for parking near a fire hydrant.

Joseph Lorsa, $2.50, Vincent Pannello, $1.50, and Pasquella Ramacciotti, $2.50, for parking in a prohibited zone.

Vincent Cotter, $2.50, for passing through a signal.

TWO GRASS FIRES DURING WEEK

There were two grass fires and one false alarm during the past week in Daly City. Both of the fires were along the Junipero Serra boulevard near School street. The first fire was last Saturday afternoon and the second was on Tuesday around noon. Companies 1, 2 and 6 responded to both calls.

The false alarm call resulted when the fire alarm box on Bruno avenue at the front entrance to the high school gym was pulled at 2:37 p. m. on Sunday.

Elsewhere on the Peninsula grass fires burned over about 15 acres during the past week end, the office of Bert L. Werder, county fire warden, reports.

One of the fires covered 10 acres on the property of L. C. Smith, of Hillsborough, Saturday afternoon. Four trucks from the fire warden's station in Redwood City, plus a truck from Hillsborough, controlled the blaze after a battle of more than two hours.

BOY CUT - - -

Four year old Michael Diew, 598 San Diego avenue, was cut about the face on Saturday when he fell down into some broken glass. He was treated at the Junipero Serra hospital.

Newly Organized County Boys' Group Has 2,000 Members

Daly City youngsters soon will become part of a county wide recreation program—the San Mateo County Boys' Boosters which was formed less than one month ago and already has more than 2000 members.

Both the Junior and Senior Colma Boys' Clubs already have joined the program, and they are planning to meet other baseball teams of the county during the remaining weeks of the baseball season.

This Saturday the Senior Boys' will play the Twelve Mile House Juniors at the South San Francisco baseball field at 1 p. m. The Junior Boys' will play Spillers' Mobilgas at the Redwood City baseball park at 10 a. m.

Joe Sarto said today he is starting a campaign in the north end of the county to have parents and youngsters become a part of the program. The membership fee is one dollar a year.

"We want to have the youngsters of Daly City and Colma become sports minded," he said today. "At the present time we are emphasizing baseball but later on we will have basketball and boxing. In fact there is a complete program planned so that the youth of the county will get into the sport activity for which he is best fitted. Soon there will be teams all over the county playing one another.

"This is a county-wide program. Each community will have a headquarters of its own and the various teams will compete with each other."

Last Wednesday the County Boys' Boosters had their fourth meeting and their first "father-son" night program. The entire Colma Junior Boys' Club was present at the meeting which was held in the American Legion hall

Visitors Have Drinking Party, Sleep In Bed

The good neighbor policy has been carried just a little too far according to Mr. and Mrs. William Blachley, 280 Hillside boulevard.

While they were away last week end someone entered their home, slept in their bed, had a drinking party and filled up an ash tray with cigarette butts, they told police on Sunday.

According to the Blachleys, their home was entered sometime between 5 p. m. on Saturday and 5 p. m. on Sunday.

Neighbors reported an old gray sedan was parked in the Blachley driveway on Saturday evening and they assumed that the Blachleys had visitors.

There were no signs of anyone entering the house except by the front door.

Nothing was taken from the house and aside from several scratches on the linen closet door and a large scratch on the bedroom floor, no damage was done.

Minor Damage In Auto Accidents; San Mateo Man Killed On Bayshore

There was only minor property damage in each of the automobile accidents in Daly City during the past week. But elsewhere in the county a San Mateo man was killed and at least 15 other persons were injured in week-end traffic accidents.

Herbert R. Condy, 73, suffered fatal injuries when he apparently became panicky while walking across Bayshore highway in Palo Alto and ran in front of a car driven by John E. Pankratz, a Dinuba farmer. He died early Sunday morning in Palo Alto hospital.

On Tuesday evening there was an auto accident in front of the Mission Auto Court. Cars involved were driven by Carroll E. Heffer, of Washington State, and Ardell E. Peterson, 7700 Mission street.

That afternoon an auto driven by Charles D. Thomas, of South San Francisco, is belived to have run into a house trailer driven by Garret Bleyenberg, of Sioux Center, Louisiana, on the Junipero Serra boulevard opposite the Pacific Coast Aggregates.

And in that same vicinity on the previous evening, July 21, there was an accident involving cars driven by Joseph Scrivant, 25 Capp street, San Francisco, and Victor Ernest Fink, 1316 Capuchino avenue, Burlingame.

Last Friday Willie Brown and George C. Heller, both of San Francisco, were involved in an accident at Hillcrest drive and Mission street.

A car belonging to David J. Rossa, 439 Evergreen street, ran down the hill into a car belonging to Frank C. Young, 415 Evergreen street, on Thursday evening. Damaged was the left front of the Rossa car. Rossa was given a citation for violating section 160-30-A of C.V.C.

Louis Stone, of Brisbane, a milk truck driver, was backing from the curb on Mission street on Wednesday and is said to have hit a car belonging to Lyal Ingersoll, 439 Crocker avenue. Damaged were the left side of the truck, and a scraped fender and wheel hub of the Ingersoll car, according to the police report.

There was a two car accident on July 13 at the intersection of Mission and Market streets. The cars involved were believed to have been driven by Mrs. Mary Louise Corkery, 354 San Benito way, San Francisco, and Engo Catassi, 120 Moltke street, Daly City. There was property damage only.

Two San Francisco residents were involved in an accident at the corner of Mission and Theta streets on the same evening. According to the police report, Francis S. Woods, 308 Ellington street, was parked on Mission street and just as he was pulling away, Michael L. Ochoa, 806 Boden avenue, blew his horn. This seemed to have made Woods angry, so he is alleged to have bumped his car into the rear of Ochoa's car. Both men got out and Woods is reported to have started a fight.

After that Woods got into his car and drove away but police officers gave chase and found Woods parked at Mission and Oliver streets.

Woods was charged with violating 415 P.C. and released on a $50 bail after being ordered to appear before City Judge Sweeney.

BODY FOUND

The body of a man about 65 years of age was washed ashore at the southern tip of Sharp Park last Saturday afternoon. The body was found by Clinton Rogers, 136 Salada avenue, Sharp Park.

The man was described as five feet eight inches tall, slight build, wearing a blue suit, a sport shirt, brown shoes and a tie.

The body is believed to have been in the water about three days. It was taken to the W. C. Lasswell & Co. chapel.

There were no signs of foul play, according to the sheriff's office.

Drinkers Ordered To Appear In City Court Tomorrow

Mary Fay, 237 Los Olivos avenue, received 30 days in the county jail last Saturday on a charge of violating C.O. 209. She was found under the influence of liquor on Friday on Junipero Serra boulevard.

Joe Evans, 35 Conroe street, San Francisco, is scheduled to appear before City Judge William F. Sweeney during the regular court session tomorrow. He is charged with violating C.O. 209 and P.C. 415. Evans is now out on $50 bail.

He is charged with allegedly fighting and creating a disturbance by breaking a window and a chair in the kitchen at 24½ Knowles avenue on Sunday afternoon.

Other residents charged with violating C.O. 209 and ordered to appear in court on Friday are Frank E. Ward, 149 School street, John B. Gaston, 16 Cottonwood drive, and Ollie Otis Tanner, 505 O'Farrell street, San Francisco.

McGRATH ENDS 20TH YEAR AS COUNTY SHERIFF

Sheriff James J. McGrath has begun his twenty-first year in office.

On July 18, 1927, McGrath was appointed sheriff by the board of supervisors to replace Thomas C. McGovern, who died from a heart attack while on a vacation in Nevada.

In 1934 he was re-elected over five opponents. In the following two elections he has had no opposition at all.

McGrath, who lives in Burlingame, has seen his office grow from a half a dozen deputies to 40 men. The two open touring cars, which were used in the late twenties, have been replaced with six late model cars. Two of the cars are equipped with two-way radios, red lights and sirens.

Also introduced during the past twenty years have been teletypes, night patrols and uniformed men for patrolling special events.

Officers Elected - - -

Leo Bricker was elected president of the Teen Age Center last Friday evening. Other officers elected were Rose Attenisia, vice president, Ann Robertson, secretary, and Chuck Williamson, treasurer.

DALY CITY UNIT PLANS TO BUY MOTOR SAILER

The charter for Sea Scout Ship No. 144 was presented to the Daly City - Colma Lions Club by Monty Wilson, director of Sea Scouts for the San Francisco area, during the Lions club meeting yesterday afternoon at Estradas.

Senior Field Executive Thomas MacFadden and Field Executive Jack Garriott, both representing the Boy Scouts of America, were also present at the meeting.

The local Lions Club is the only one in San Francisco which sponsors an active Sea Scout ship and the local ship is now making plans to participate in the International Convention of Lions Clubs which meets in San Francisco from July 28 to 31.

The local Lions are making plans to purchase a 36-foot motor sailer from the U.S. Maritime Commission. A Lions Club committee consisting of Richard L. Crane, Larry H. Comer and Joe Lewkowitz has studied, examined and tried to locate the proper and best ship for the local Sea Scouts.

The search entailed the cooperation of Congressman Jack Z. Anderson, a member of the Naval Affairs Committee of the House of Representatives, and the Navy Department.

The War Assets Administration, which handles the sale of such surplus property, has indicated that it has nothing for sale locally. However, the U.S. Maritime Commission has informed the local Lions that they might have a ship for sale in the near future.

The Sea Scouts are hoping to secure a small power boat between 30 and 40 feet. Such boats were used by the U.S. Navy in the late 1920's to bring liberty parties ashore from the battleships. The boats are out of date but are still seaworthy and considered by many as excellent training ships.

The money for the purchase of the boat was made possible by the theater party at the Daly City Theater in May.

If the boat is purchased it would be docked at the Sea Scout base at the foot of Van Ness avenue in the Aquatic Park area.

In addition to navigation, seamanship and citizenship training the local Sea Scouts ship has "dry land" cruises and social events such as swim meets, regattas, dances and picnics.

One of coming regattas will be held at Treasure Island from August 30 to September 1. Competing in the event will be the four Western states, which comprised region 12 in Sea Scouting.

Events which the local ship will participate in are signaling, caulking, ring bouy heaving, first aid, rowing and knot tying. In 1944 at the last regatta which was held at Stockton the local ship won first place in the ring bouy heaving event.

Skipper of the local Sea Scout ship is Joseph A. Powers jr., of 61 Rice street, a veteran of two and one-half years of service in the Coast Guard. He is the son of Joseph A. Powers sr., 538 Winchester street, Boy Scout District Commissioner.

Since its organization five years ago Frank Goughlin, Bert Merritt and Melford Battye have been skippers of the local ship.

Associated with the younger Powers are Wallace Bellando, first mate, now a corporal in the Army, and Robert Reed, second mate.

More than one half of the 25 members of the local unit have been Boy Scouts and a few have been Cubs. The ship meets every Tuesday evening at the Vista Grande Fire House.

BITTEN BY DOG - - -

Four year old Janet Le Pene, 811 Washington street, Colma, was bitten on the left forearm by a black scotty on Monday. She was taken to the Junipero Serra hospital.

Richard Wolf, 223 Monterey boulevard, San Francisco, a mail carrier who works out of the Colma post office, was bitten by a cocker spaniel while delivering mail on Moltke street last Thursday. He was treated at the Junipero Serra hospital.

KEYSTONE OF MASS SELLING

Some years ago when radio advertising was beginning to develop there was some concern that it might eventually replace newspaper advertising.

Any fears in that regard have long since been dissipated. Radio advertising, like radio itself, has attained a place but hardly at the expense of the printed medium since the demand for newspaper space continues strong.

At the recent convention of the Newspaper Advertising Executives Association held in San Francisco the importance of newspaper ads was stressed by Lou E. Townsend, vice-president of Bank of America in charge of advertising. who pointed out that his institution over the years had spent an average of 59 cents out of every advertising dollar in newspaper columns.

CAMPAIGN WARM UP

Governor Dewey's jaunt to Sapulpa, Oklahoma, for the apparent purpose of visiting his wife's parents is more generally looked upon in political circles as a preliminary in his campaign to win the GOP Presidential nomination for a second time.

The fact that the governor set aside plenty of time to visit with Republican leaders strengthens this view.

Dewey is well aware of the reports that a movement is afoot to block his nomination at Philadelphia. Hence, he appears to be visiting the hinterlands with the hope of breaking the blockade before it gains too much strength.

BIG JOB

A recent copyright story of the New York Times and San Francisco Chronicle reveals that Robert Moses, construction coordinator of New York City, is in Western Germany on a three-week study of devastated cities. Later, he is to give his ideas on the best means of rebuilding them. How he can develop rebuilding ideas on the strength of such a brief study is hard to understand, but maybe it can be done. It would seem to us that six months to a year, at least, would be necessary. Of course, even after the ideas are set forth it will be another thing to carry them out. Destruction is said to range from 40 to as high as 95 per cent in many cities. All that will be needed to rebuild is plenty of money, materials and manpower.

"PHONE-VISION"

Well, the television-telephone hookup which will enable the family to sit at home while they "go" to the movies, sounds fascinating.

The hookup, as announced recently in Chicago, is designed to bring television shows into the home on a pay-as-you-see basis. The home television set will be connected with the telephone. If the family wants to see a movie or stage play they select any one being televised and ask the phone operator to "plug them in" to that particular show. The result will be that the "admission price" is dropped into the phone coin box or will appear on the monthly bill.

It appears that this arrangement will enable one family to "take" a good many friends to the movies for the price of one admission.

One thing we'd like to know however, is this: If the show is punk can the family call the operator and ask her to shut it off and give them a partial refund? Think of the time and money that would save.

Some of the present radio shows may be televised in this manner thus eliminating sponsors and commercials. That, neighbors, would be one of the greatest advances made in civilization in many years.

ATOMIC AGE

The Atomic Age has already entered its third year.

Back in 1945 on the morning of July 16 at Alamagordo, New Mexico it began. That beginning was marked by a blinding burst of light, an awesome roar and the magnificent spectacle of the atomic mushroom as it surged 40,000 feet into the sky.

But, although the atomic age came into being that morning the world knew nothing of it until August 6 when this new weapon oblitererated 60 per cent of Hiroshima and caused 70,000 to 80,000 casualties among its 343,000 population in killed and missing alone.

Now two years have passed—two years in which the members of the United Nations have failed to work out a system of international control of the atom. That failure, as we know, centers chiefly around Russian refusal to agree to international inspection and to yield the veto power on atomic matters.

But with each passing day of the new Atomic Age it becomes clearer that the nations must cooperate or face eventual annihilation.

We must work, hope and pray for the triumph of reason, for if reason prevails atomic energy will be used to bless, not blast, mankind.

Dr. Gans, County Health Director, Plans To Retire Next February

Dr. Charles C. Gans, county health and welfare director, announced this week that he will retire on February 2 when he will be 70 years old, the compulsory retirement age under county civil service rules.

Dr. Gans came to San Mateo in 1934 from Houston, Texas, where he had served for two years in the U.S. Public Health Service. He organized the county health and welfare department and became its first and only director.

Dr. Gans received a degree in pharmacy in 1899 and a degree in medicine in 1905 from the University of Pittsburgh. He practiced medicine in Pennsylvania until 1917 when he went into the Army Medical Corps.

He remained in the Army until 1932 when he was retired as a major.

Russell J. Cooney, county civil service director, said today new specifications will be set up for the job. An examination to select a successor for Dr. Gans will be held in October or November.

Cooney said the county and state residence will be waived and that a board of experts on public health will give the oral part of the test.

Dr. Gans is paid $614 a month but Dr. Harold Marks, head of the Community Hospital, which operates under the health department, gets $725 a month.

This discrepancy, Cooney said, will have to be cleared up before the county can expect to interest qualified applicants in the health and welfare post.

WILBUR FELLOWS IN MEXICO CITY---

Wilbur Fellows, who was graduated last month from the San Mateo Junior College, is spending the summer as a student at the College of Mexico City before he takes up language work at the University of California in Berkeley this fall.

* * *

There is an acute shortage of water and electricity down here in Mexico City and we are lucky now to have water after four or five o'clock in the afternoon. They also expect to start turning off electricity in our section of the city from six to nine in the evening.

On July 11 the school had a fiesta at the University Club and I really enjoyed myself. I went with the girl who has been helping me with my Spanish. It was mostly Mexican tunes played by a Marimba band but I made out pretty well. A few more such nights and I should be able to dance to the music (I hope).

I haven't eaten too much Mexican food because I can't afford to eat out in the first place and, secondly, I don't trust their cooking. I'll stick to my food a la francais or a la American.

I'm making out swell with my Spanish and I believe that I will change my major from French to Spanish. Also there is a much greater opportunity for Spanish instructors than French teachers. This is also the advice that I have received from several teachers who are down here for the summer session.

While I am down here I want to take full advantage of my stay and would like to even stay a little longer so as to pick up that much more help on my rapidly improving accent.

July 13 was "Toras Day" and I enjoyed going to the arena again because one of my favorite bulls was there. Bull fighting is a sport which gets into your blood even more than football or boxing.

I'm not getting the time to take in the shows which I had planned to see. And I'm not seeing as much of the city as I wanted. But I guess you can only do so much in twenty-four hours.

That's 30 for now. Think I'll go get a milk shake and then go to bed and read a Spanish book a while.

WOMEN'S CIVIC CLUB HAS PICNIC

The Women's Civic club of Daly City enjoyed a picnic on Tuesday, July 22, at San Mateo Park.

All brought lunches and Mrs. Ann Eason, president, made a birthday cake in honor of a member, Mrs. Lillian Cavagnaro.

Besides members of the club present there were members' children, grandchildren and a few friends.

The hour hands are seven and the minute hands eleven feet long on the face of the clock in San Francisco's Ferry Building tower.

Wool consumption between 1940 and 1945 in the United States was 963 million pounds.

Off The Blotter---

Pete Murphy, 3348 San Jose avenue, reported to the police department this week, that several articles were stolen from an auto while he was working on it at 47 Hillcrest drive. Alleged to have been stolen were one engine hood, a left front grill, a generator, seven fan shims, two headlight covers and a front bumper. A Los Gatos man claims ownership of the car.

Three Daly City youths, all 15 years of age, were caught by the proprietor of the Spring Valley Market on Saturday while they were believed to be taking half of a case of soft drinks from a storeroom. The boys were released to their parents for the present.

Three windows were broken in the green house of Mrs. Reandeau, 342 Willits street, last Thursday evening.

Three year old Kenneth Quint, 40 Alexander street, became lost from his home last Friday. Two year old Timmy Shay, 176 Goethe street, was found wandering about San Jose avenue between Bepler and Shakespeare streets on Thursday evening. The boy was picked up by the police and returned to his home.

The portion of California east of the Sierra Nevada is part of the Great Basin and comprises 10.8 per cent of the State.

TB Sanatorium Plan Delayed

The San Mateo County Board of Supervisors is still undecided on whether to add new tuberculosis facilities to the Canyon Sanatorium west of Redwood City.

Supervisor Martin A. Poss, of San Mateo, thinks that the board should resubmit a bond issue to the people to decide whether they want to build the facility at Community Hospital, as suggested by a recent public health survey.

Last fall the voters approved a $125,000 bond issue but the present plans call for more than that amount.

At the last meeting of the board the supervisors talked over the possibility of building new tuberculosis facilities but took no action.

Rosemarie Sundstrom, David A. Hansen Honeymooning In Southern California

On Saturday, July 6, at 2 p. m., during a beautiful wedding ceremony held in Our Lady of Perpetual Help church, Rosemarie Sundstrom gave her heart and hand into the keeping of David A. Hansen.

Rosemarie wore a white satin gown especially designed for her by her aunt, May Periera. The gown was fashioned with long sleeves and a long train with bustle effect. The long white net veil was set off with a crown of orange blossoms. She carried a prayer book with a cascade of white butterfly orchids and streamers of bouvardia.

Miss Phyliss Jordan, of Redwood City, performed the duties of maid of honor and wore a pink lace and net dress. She carried a bouquet of pink carnations tied with blue ribbon. Mrs. Mary Noonan, Miss Jean Muzio and Miss Adele Hansen were the bridesmaids. They wore blue net and lace dresses and carried bouquets of pink carnations tied with blue ribbon.

Flower girl was Colleen Johnson and ring bearer, Junell Johnson. Both were dressed in yellow net dresses.

Ralph Capps, a boyhood friend of the bridegroom, was the best man. Ushers were William La Haye, Ernest Simon, and Robert Billings.

Following the ceremony a reception was held at 101 Peoria street where 300 guests enjoyed refreshments and dancing. The bride and bridegroom cut their four-tier wedding cake and received the best wishes from all their friends. They are now honeymooning at Briergate Lodge in Berming, California. They will tour Southern California cities and beaches before returning to Daly City where they will make their home.

Theresa Gonzales

Mrs. Theresa Gonzales, 28, 558 San Diego avenue, suffered a stroke at her home Sunday and died one half hour after being admitted to Junipero Serra Hospital.

A post mortem showed she died from cerebral hemorrhage.

She was born in Aguilar, Colorado, and had lived in California for six years.

She is survived by her husband, Vincent Gonzales, her mother, Mrs. Irene Castro, and two children, Vivian and Vincent Gonzales jr.

Funeral services were conducted this morning at the W. C. Lasswell & Co funeral home. A requiem mass was celebrated for the repose of her sole commencing at 9 a. m. at the Church of Our Lady of Perpetual Help. Interment was at the Holy Cross Cemetery. The Rosary was recited last night.

DODGE

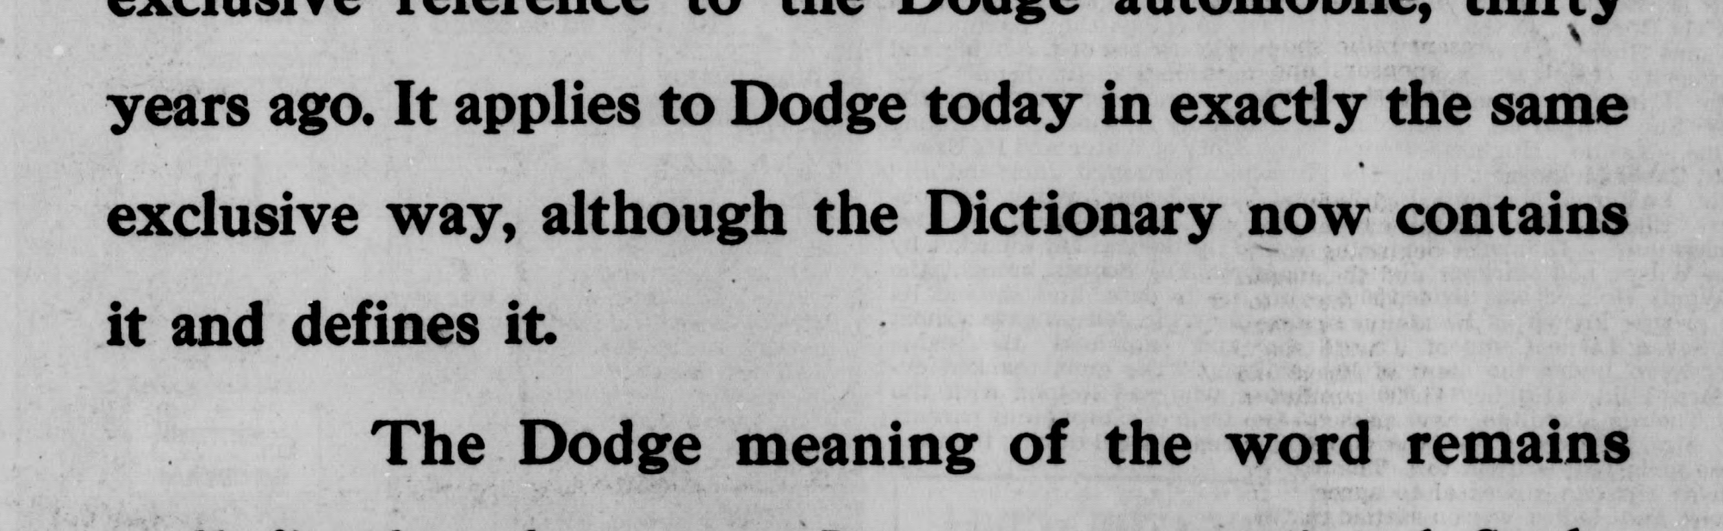

"DEPENDABILITY"

The word DEPENDABILITY was born in exclusive reference to the Dodge automobile, thirty years ago. It applies to Dodge today in exactly the same exclusive way, although the Dictionary now contains it and defines it.

The Dodge meaning of the word remains well fixed and proven. It means exceptional Style, Performance and Economy,—Today, Yesterday, and Tomorrow.

CAMP MATTRUP SEASON CLOSES; 44 DALY CITY GIRLS ATTEND

Forty-four Girl Scouts of Daly City and Colma attended Camp Mattrup on San Bruno Peak during the day camp season which closed last week. The camp periods were from July 8-11 and from July 15-18.

The first day of camp opened with ideal weather, which held out for the entire period. Mr. A. Bodien, superintendent of public works, gave the girls a few pointers on fire safety, and Mr. Fred Collins, county health inspector, spoke on the excellent water system. Both men commented very highly of the site and its possibilities.

The camp consisted of four units. The Brownies were known as "Humming Bird Heaven." The Scouts were called "Windy Hollow." The Senior girls comprised the third group and were the "Katy-Dids." The fourth group were the boys of the camp and they made up the "Corral."

As Girl Scouting is fun, the presence of song was always about—up the trail or down, around the campfire, among the trees, or to and from on their ride to camp — Girl Scouts sing!

"Humming Bird Heaven" was divided into patrols. The Pee-Wees were under the leadership of Mrs. Marie Miller; the Bluebirds, Mrs. Angie Thur; Humming Birds, Mrs. Kathryn Sundermann; Blackbirds, Mrs. June Boynton; Jenny Wrens, Mrs. Jennie Haynes.

The Brownies learned how to gather and pile wood, carry a hatchet correctly, plan and pack a hike lunch, make a water drain, whittle sticks for toasting over a fire, cook one-pot meals such as soup, hot chocolate and pocket stew. The main feature of their unit was out-of-door table setting. They hiked and learned of nature by the wayside. For crafts they made place-cards and acorn necklaces, bracelets and rings. During rest hour story-telling was in order.

Thursday, July 17, was visitors' day. For this special occasion the Brownies served soup, walking salad (spiked tomatoes), finger sandwiches, crackers, milk and sumores. Guests were Mayor Melford Battye, Mr. Fred Collins, Mrs. Beeber, director of Oakland Day Camp of Durante Park, and Mrs. Reeser, assistant director of Durante.

The girls who took part were Evelyn Rianaldo, Carol Hesselein, Patricia Boyle, Adalia Bautista, Patricia Bertelli, Bertha Bergman, Lillianne Boynton, Barbara Cripps, Marguerite Cripps, Sharon Casad, Nada Emerson, Janet English, Sally Sue Engstrom, Jacqueline Hulme, Leslie Hughes, Donna Hiett, Carol McInerney, Linda McArdle, LaVerne Naninni, Phyllis Thur, Elaine Sorrellis, Beverly Sundermann, Dianne Thomson, Irene Wilson and Margaret Runge.

"Windy Hollow" was divided into two groups known as Kingfishers and Seven Little Campers. These units were under the supervision of Mrs. Hilda Heagney (Oriole), Mrs. Thelma Hamilton (Sparrow), and Mrs. Frieda Cady (Lark). These girls featured tin can craft such as tin can stoves and cups. Spoons and ladles were whittled from wood, and a cooler was made for storing their food supply. One of the specialties of these Scouts were their delicious pancakes. Under crafts they learned spatter painting.

The visitors for this group were Mrs. Stella Jensen, commissioner of the Girl Scout council, Mr. A. Bodien, Mr. R. L. Crane, superintendent of Jefferson school district, Mrs. Muriele Pabst (Sprig), day camp director, Mrs. Billy Cripps (Mother Nature), nature advisor. Their menu was Windy Hollow special salad, pocket stew, French bread and sumores.

These girls really camped during their eight-day stay, and those participating were Mary Ada Sea, Margaret Robertson, Francene Vaznaugh, Lois Kramer, Carol Bertelli, Jean Chamberlain, Beverly Hamilton, Donna Darnell, Gertrude Runge, Roberta Taylor, Arlene Pool, Jacqueline Mullen, Darlene Haynes.

The intermediate senior girls were under the direction of Mrs. Dorothy Kramer (Flicker) and Mrs. Gretchen Olson (Robin). These older girls went in for the more advanced outdoor cooking such as kabobs and reflector cooking. They learned how to do lashing and made coat hangers. They acted as program aides and took care of the units while the leaders attended the councilors' hour. They told stories to the girls and helped with group singing. Visitors' day menu consisted of Ring-tum-tiddy, mixed fruit basket and French bread. Those attending this cookout were Mrs. Helen Gould, executive director of Girl Scout council, Mr. Mattrup Jensen, for whom this camp was named, Mr. E. Rose, director of recreation, Mrs. Cora Oberg, established camp director, and daughter, Mrs. Elsie Hesselein and daughter, and Mrs. Anne Ingersoll, both of whom are committee members of the Girl Scout council.

The girls were Dorothy Boyle, Raquel Rocha, Lucie Price, Lorraine Cady, Carol Ann Olson, Barbara Miller.

The "Corral" was directed by Mrs. Edna Mullen (Annie) and was the all-boy unit. They built their own fireplace and cooked a vary successful Ranch House stew. The horseshoe was the symbol of the group. The cowboys were "Shorty" Leonard Mullen, "Cactus" Jack Calvin, "Billy, the Kid" Charles Olson, "Trigger Ed" Lane Calvin, "Sandy" Butch Miller, "Broncho" Jimmie Hamilton, and "Buffalo Bill" Carl Calvin.

Mrs. Billy Cripps, nature councilor known as "Mother Nature," was very popular. She had a display of nests, bird eggs, plantlife of various species, frogs, salamanders, polliwogs, hornet's nest, etc. She conducted some lovely and informative hikes to nearby points. The Scouts were very fortunate in having such a grand advisor in nature, and thus they became extremely conscious of the living and growing things about them.

The program for Thursday afternoon, July 17, was woven around "The Story of Water and Its Uses." Brownies portrayed Jack and Jill, and showed how water was obtained at Camp Mattrup in 1945—packed up the trail in a bucket by the girls. The Scouts brought the story up to date, and showed its many uses. Mr. Jensen gave a short talk and explained the name "Mattrup." The girls thanked everyone who had helped with the preparation of camp. Many parents and friends visited during the time and enjoyed all they saw. Mrs. Helen Mill, San Bruno day camp director, and some of her staff, spent a day up there.

Friday, July 18, was closing day. Each unit had a camp treat, and the skits put on were representative of their names. There was a Juliette Low presentation, and day-camp certificates were given out. Mrs. Muriele Pabst was the very capable director and deserves special mention for her sincerity and hard work.

The intermediate senior girls were given a chance to put their day-camp experience to work by having an overnight camp on Friday evening after the closing of camp. For their evening meal they cooked shrimp wiggle — by first learning how to pick shrimps—baked biscuits in a reflector oven—had Mock Angel cake for dessert. They made their own candle holders from tin cans. For breakfast they had fresh peaches and cream, French toast and hot chocolate. The leaders who helped on this overnight camp were Mrs. Thelma Hamilton, Mrs. Frieda Cady, Mrs. Hilda Heagney and Mrs. Muriele Pabst.

Mr. and Mrs. Olson and Mr. Hamilton helped with the details of closing camp.

This year saw the culmination of a water system which was installed through the efforts of Mr. and Mrs. I. Kramer and Mr. Raymond Pabst. Mr. J. Hamilton aided in laying the pipeline. After months of planning and hard work, this dream became a realization. The project was financed by the Daly City-Colma Girl Scout Council.

Transportation was provided for the Scouts by the school bus which was driven by Mr. W. Webb.

Hattie O'Maley

Mrs. Hattie O'Maley, 65, mother of Mrs. Gladys Guttmann, proprietor of the Daly City Dress Shop, 6277 Mission street, passed away on Tuesday from trombosis of the brain and heart.

Mrs. O'Maley, who lived at 3284 23rd street, San Francisco, was a native of California and a member of the San Francisco Auxiliary No. 58, Veterans of Foreign Wars.

She was the wife of the late John O'Maley.

She is survived by three daughters, Mrs. Gladys Guttmann, Mrs. Alice Salis, and Mrs. Ethel Hansen. She was the grandmother of Lois and Gladys Guttmann jr. and Mrs. Gloria Dalzeele.

Funeral services will be held tomorrow afternoon at 1:15 p. m. at the chapel of H. F. Suhr Co., 2919 Mission street, near 25th.

Interment will be in Golden Gate National Cemetery.

Billy Sampino --- Now He Is Six

Billy Sampino, son of Mr. and Mrs. Ignatius Sampino, 56 Rice street, celebrated his sixth birthday with a party given by his mother on Wednesday, July 16.

The theme in decorations was carried out in a circus motif including clowns for favors and a merry-go-round cake. Refreshments were served from a table decorated in pink, blue and yellow.

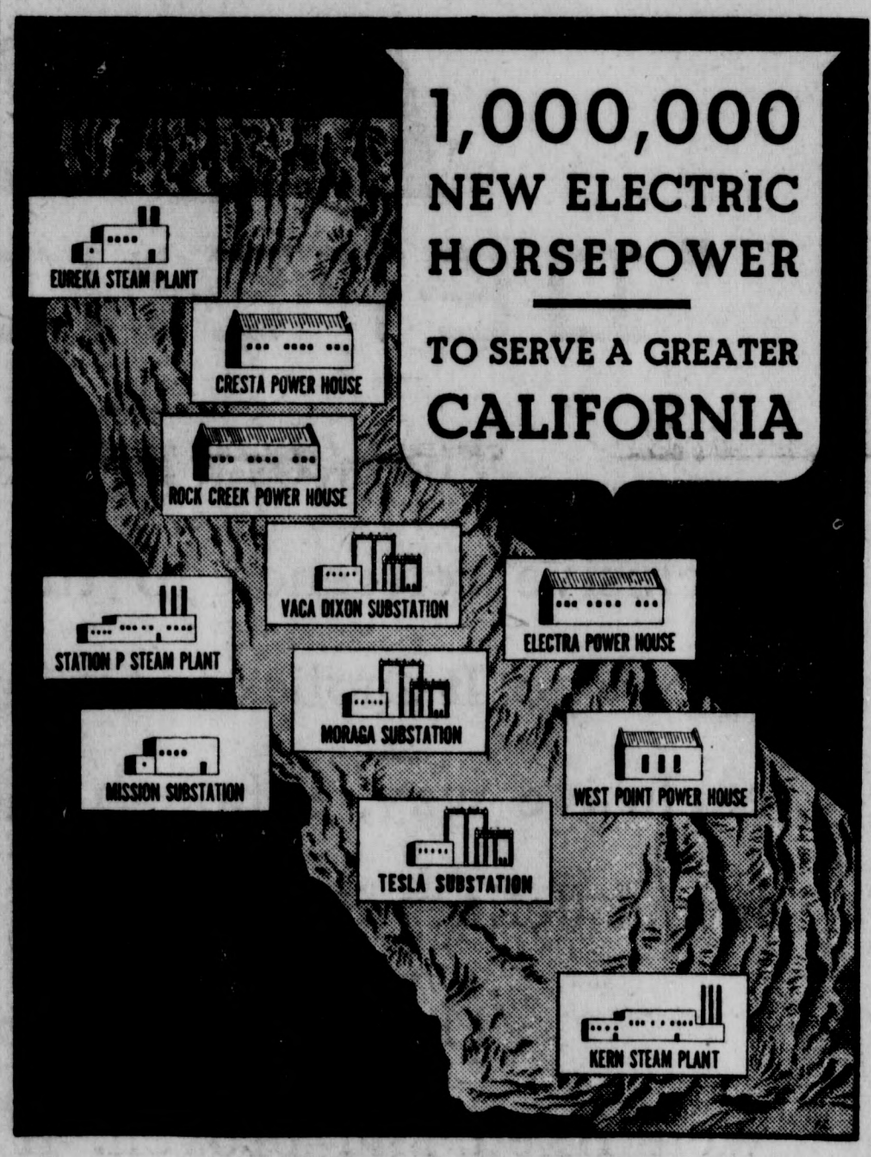

Friends in attendance to help Billy celebrate were Charles Aiello, Donnie and Carolyn Aiello, Marilyn and Joann Aiello, Leona and Michael Grenier, Dennis Cappaert, Muggs and Rickey Rogers, Ronnie Sampino, Patty, Dee Dee and Judy Sardi, Darlene Melin, Donna and Baby Rafter.

1,000,000 NEW ELECTRIC HORSEPOWER

TO SERVE A GREATER CALIFORNIA

SHORTLY AFTER THE WAR ENDED, we announced a construction program which will provide 1,000,000 additional horsepower of electricity and expansion of natural gas distribution facilities to help build a greater California. This program will cost over $350,000,000 during a six-year period. Last year over $44,000,000 was spent on this program, and nearly $7,000,000 a month has been spent so far this year to press forward this vast construction and expansion throughout Northern and Central California.

When the program is completed in 1951 there will be available a total capacity of more than 3,500,000 electric horsepower for distribution to the homes, farms and factories in the area this Company serves.

Down through the great Central Valley from Shasta County to Kern County and along the coastal plain from Humbolt County to Santa Barbara, P. G. & E.'s integrated network of generating and distributing facilities is being expanded as fast as materials and equipment can be made available. Thus we provide electric power and gas service for the future needs of Northern and Central California.

Silver Wedding Anniversary Observed By Mr. And Mrs. John P. Moresco

Silver wedding milestone festivities were in order last Saturday evening for Mr. and Mrs. John P. Moresco, who celebrated the twenty-fifth anniversary of their marriage at a reception in their home, 32 Ardenwood way, San Francisco.

The Morescos, former residents of Colma, entertained over one hundred relatives, close friends and neighbors in their beautifully decorated social and banquet halls.

For many months this social event was looked forward to by a large number of San Mateo countyites and San Franciscans.

Huge fern leaves and palms, together with silver and white crepe paper streamers on the walls, and silver wedding bells and rings on the ceilings added much to the appearance of the halls and festivities of the evening.

An orchestra was engaged for dancing. Songs were sung by some of the talented guests, and there was community singing.

An elaborate and sumptuous buffet supper was served at midnight to the following guests: Mr. and Mrs. Louis Nava, Mr. and Mrs. John Degliantoni, Mr. and Mrs. Angelo Moresco, Mr. and Mrs. Rudolf Fellman, Mr. and Mrs. Julius Saccone, Mr. and Mrs. John Schenone, Mr. and Mrs. Albert Witt jr., Mr. and Mrs. Edward Bocci, Mr. and Mrs. Lester Langford, Mr. and Mrs. Frank Batmale, Mr. and Mrs. Harvey Crane, Mr. and Mrs. Leland Kolm, Mr. and Mrs. Robert Heeringa, Mr. and Mrs. Roy Morton, Mr. and Mrs. Guerino Ricci, Mr. and Mrs. Thomas Schmidt, Mr. and Mrs. Amerigo Belluomini, Mr. and Mrs. Gaetan Feerigno, Mr. and Mrs. Rem Sodini, Mr. and Mrs. Ray Zanetti, Mr. and Mrs. Robert Bemis, Mr. and Mrs. Angelo Feerigno, Mr. and Mrs. Ernest Harrison, Mr. and Mrs. Corado Bertini, Mr. and Mrs. Anthony Feerigno, Mr. and Mrs. Joseph Bettencourt, Mr. and Mrs. Henry Ricci, Mr. and Mrs. Anson Bianchini, Mr. and Mrs. Vito Bruno, Mr. and Mrs. John Behrens, Mr. and Mrs. Frank Gallo, Mr. and Mrs. Karl Albuschkat, Mr. and Mrs. Henry Schroeder, Mr. and Mrs. James Hirschfeld, Mr. and Mrs. Leighton Stanton, Mr. and Mrs. Antone Mazzetta, Mr. and Mrs. Ralph Ver Linden, Mr. and Mrs. George Cordes.

FRIENDS GIVE LOIS RICH BRIDAL SHOWER

The coming marriage of Miss Lois Rich, daughter of Mr. and Mrs. Alfred C. Rich, 109 Acton street, was marked with a bridal shower in her honor Friday evening, July 18. A real surprise was in store for Lois when she arrived at the Ladies Home club at exactly 8:45 with her mother and a baby present, only to find 34 friends and relatives awaiting to greet her with a big "Surprise" at her own linen shower.

The shower was given by Mrs. Virginia Freeman and Miss Verna Moresco.

Miss Rich will meet Ralph Capps at the altar of Little Chapel of Lakeside on Saturday evening, August 2, at 7:30 o'clock.

The prospective bride has asked Mrs. Virginia Freeman, Doris Vernengo, and Verna Moresco to serve as bridesmaids and maid of honor respectively.

Before refreshments were served Lois opened the many beautiful as well as useful gifts which were placed in a basket trimmed with white ruffles. Above the basket hung a huge umbrella decorated also with white ruffles from which were strung white streamers. All decorations were done by Mrs. Rena Moresco.

The refreshment table was centered with a delicious 14- inch banana cream cake decorated with a horseshoe and "Good luck, Lois and Ralph." The cake was placed in a white and gold centerpiece topped with a miniature bride and bridegroom. Candy favors were miniature pink paper bridesmaids.

Friends and relatives in attendance were Mesdames Virginia Freeman, Bell Capps, Marjorie Capps, Gerry Capps, Evelyn Mosman, Rose Perada, Ida Hanley, Pat Hatt, Lenore Rigler, Norma Rigler, Donna Coy, Rena Moresco, Gertrude Rich, Dorothy Linehan, Ellen Pieri, Catherine Foreman, Rose Fair, Eva Aiello.

Misses Nadine McDonnell, Doris Vernengo, Barbara Gregor, Beverly Clement, Marilyn Mosman, Barbara Fellman, Beatrice Bordson, Ruth Basso, Peggy Hanley, Kathleen Schreiber, Anita Lehigh, Verna Moresco, Kathleen Day, Johanna Schwarz, Marie Hogerheiden, Lois Rich, honoree.

MISS SAN BRUNO IS DESIGNATED

An 18-year-old Greyhound bus station clerk has won the title of "Miss San Bruno."

She is Miss Connie Haycock, daughter of Mr. and Mrs. Lorin Haycock of 203 Carlton street, San Bruno.

Miss Haycock was selected at the San Bruno city park last Sunday from a field of seven attractive candidates. She will represent the San Bruno Lions Club at the International Lions Convention to be held next week in San Francisco.

She is five feet five inches tall and weighs 121 pounds. She will ride on the San Mateo County Lions float in the big night parade which is to be a feature of the convention.

Coast Guard To Celebrate 157th Anniversary

The 12th District Coast Guard League will participate in the formal celebration of the 157th anniversary of the founding of the United States Coast Guard this year.

August 16 has been selected as the date for the culmination of the Bay Region ceremonies, with a dance and formal celebration at Scottish Rite auditorium.

Six chapters comprise the 12th Coast Guard League District which parallels the geographic pattern of the regular Coast Guard district. The chapters included in the Bay Region group include San Francisco, Oakland, Marin, Peninsula, Vallejo, and South Bay.

The August dance will be highlighted by selection of a 12th District Coast Guard League queen, chosen from among entrants of the six chapters. The winner will represent the District at the national convention of the League, to be held October 8, 9, 10 in Long Beach. In addition to being named "Miss Coast Guard League of 1947," the winner will receive many prizes including a screen test at one of the major Hollywood studios.

A committee composed of two representatives from each of the six chapters has been meeting regularly with District League officers in formulation of plans to make the August 16 event a noteworthy one in Coast Guard history.

All members of the league, as well as regular and reserve members of the Coast Guard, retired or active, and the general public, are invited to participate in the event.

28% Of Married Vets Living 'Doubled Up'

Twenty-eight per cent of the married veterans in seven critical California housing areas, are living in single rooms, trailers, tourist camps, or "doubled up" with relatives or friends.

This is the finding of Margaret Rohrer and Douglas Frame in their study of rent control for the Bureau of Public Administration of the University of California. The report is one of eight major research projects requested by members of the California Legislature.

Critical areas considered in the report are Los Angeles County, the San Francisco Bay, Stockton, San Jose and San Diego areas, and Sacramento and Fresno. Figures were taken from previous state and national surveys and collected for ready use by the legislators.

One in three of the veterans now in California came here from another state, the study points out. If they could find a place to live in the four-tenths of one per cent of family dwelling units vacant January 1, they paid an average rent of $34 per month plus utility costs and would have been willing to pay as much at $44 a month from their average salary check of $51.70 a week, one survey shows.

Tax Valuation Increases In S.M. County

Each cent of San Mateo county tax rate for 1946-47 brought in 23 per cent more in county taxes than a cent of county tax rate did in prewar 1941-42, California Taxpayers' association said today, making public its study of the effect of increases in assessed values on the productivity of tax rates.

In 1946-47, each cent of county tax rate raised $15,329 in taxes, compared with the $12,498 which each cent of the 1941-42 rate raised. Assessed valuation of taxable property in the county for 1946-47 totalled $153,289,277. For 1941-42, total taxable valuation in the county was $124,978,000.

Every cent of local tax rate in each of the local governments of the county showed a gain in tax collecting productivity proportionate to the increase in taxable valuation of property in the local unit, the association said.

In almost every California county, valuations of property for 1947-48 are reported showing large-scale increases over valuations for 1946-47, the Taxpayers' association said, pointing out that all the increase in assessed values will directly increase the yield of each cent of tax rate of the local government in which the growth in valuation occurs.

Local tax rates for 1947-48 should reflect the increases in assessed values.

Half-measure tax rate reductions will result in unnecessarily large increases in local taxes for 1947-48.

Frank K. Lehner, of Daly City, is one of 12 members of the Knights of Columbus who recently became blood donors at the San Mateo County Blood Bank.

This is the beginning of a reserve credit to be drawn on for use of K. of C. members, their families or friends.

Other donors who started the account are Fred A. Fournier and Adolph J. Frengs, San Mateo; Charles A. Geenen, Joseph J. Giampoli and Guido J. Simoni, Redwood City; Joseph B. Wargo, Charles Shipman and John J. Bigot, San Bruno; Miles Butcher, Mrs. Emma Butcher and Roger Moens, San Francisco.

State Now Has Recreation Commission

California will have a new seven member State Recreation Commission in September by the provisions of a bill signed into law this month by Governor Warren.

The new commission, appointed by the governor, will serve for four-year overlapping terms and will be charged with the task of formulating, in cooperation with other State agencies, organizations and citizens, a comprehensive recreation policy.

At the head of the new commission will be a technically trained director. Assisting the director will be a staff of trained and experienced community recreation specialists.

In general, the commission will aid and encourage, but not conduct, public recreation activities.

The whole problem of recreation for people or the State of California as it affects the welfare of the people and especially the children and youth will be reported annually to the governor by the commission.

The commission also will be an authorized agent to receive donations for apportionment to local political subdivisions for recreational purposes.

The bill was approved by the state legislature in June of this year. There was only one dissenting vote.

Governor Warren recommended this legislation last January in his inaugural message.

At that time Warren said that the State should assume its proper place of leadership in realizing maximum values from the opportunities for outdoor recreation.

He said that the future for recreational and cultural development in the State was boundless. He added that wholesome recreation for youth would do much to counteract juvenile delinquency.

Closely related to this new law is a bill which will be brought up for consideration at the new session of the state legislature. It will provide state funds on a matched basis for the construction of recreation facilities. The bill is to use the money not otherwise appropriated from the General Fund.

HOLY NAME'S SOCIETY PLANS SUNDAY PICNIC

The picnic sponsored by The Holy Names Society of Our Lady of Perpetual Help church will be held Sunday at Oak Cove Park, San Mateo.

All members of the parish are invited. Admission is free.

The Mother's Club of the parish will serve refreshments and free coffee also will be served.

There will be dancing, and games for both young and old.

Those attending can reach the grounds by turning off El Camino Real at Mills Hospital and driving four miles out Crystal Springs road.

Signs on Crystal Springs road will direct the guests to the grounds.

Until 1940 this country imported most of its fish hooks from Europe, but manufacturers now turn out more than half a million hooks every day.

Farmers received about 375 million dollars for milk sold to cheese manufacturers in 1946.

Pebbles with crude markings on them were used by men near the time of the stone age in playing games or in gambling.

Three Daly City Golfers Qualify In Publinx Meet

Special to the Record

Minneapolis—Bob Silvestri, Peter Schefcick and Einar Hanson qualified on Tuesday for match play in the National Public Links Golf championship.

Silvestri, who shot a smooth par 72-72—144, was only three strokes off the pace set by Winfred Crossley, Atlanta insurance underwriter, who shot a 69 for a total of 139.

Scores of 151 or better qualified for match play rounds. Schefcick made a 75-74—149 and Einar Hanson had a 75-75—150.

Arthur Linhares with a 74-79—153 and Johnny Geiger with a 83-83—165 failed to qualify.

The three-man San Francisco team, composed of John Maughan, Hanson and Silvestri, totalled up 444 strokes. In first place was Atlanta with 431 strokes and in second place was St. Paul with 440.

HOLD PICNIC

A week-end picnic at Santa Cruz was enjoyed by Daly City residents Mr. and Mrs. John Eason, Mr. and Mrs. Ed Byrne, Mr. and Mrs. Fred Pizzirulli.

On Sunday the fellows went deep sea fishing, but didn't stay long because of Mr. Byrne and Mr. Pizziruli — a little matter of seasickness.

Mr. John Eason was given $20 for catching the largest fish.

After 13 Wins Merchants Lose 8-3 On Sunday

The powerful baseball team of the Interstate Utilities broke the winning streak of the Daly City Merchants last Sunday. The Merchants lost 8-3.

It was the thirteenth game for the local boys and it proved the jinx. The local team has won all of the twelve previous games.

Both pitchers allowed nine hits. Fazzio collected three of the nine hits for the Merchants.

Sick got two for four, Fazzio three for four.

Lindberg, left fielder for the Utilities, smacked one out to left field up against the wall, but the relay was a little too speedy from Sick to Sylvestri, to Schultz, to Krohn. It spoiled his chances for a home run. Lindberg was out at home plate.

D.C. BASEBALL LEAGUE GAMES START MONDAY

The first game of the newly formed Daly City Recreation Department's baseball league will begin Monday morning, July 28, at 10:15 a. m. The first game will be played on the high school field between George Schreiber's Leopards and Richard Tooke's Midgets.

On Wednesday the other two teams in the league will play. They are Daly City Hardware, with Billy Kalinin as manager, and the Unknowns with Robert MacDonald as manager. They will play at Marchbank Park also at 10:15 a.m.

The teams are composed of boys 16 years of age and under. Any team which does not have nine men on the field at 10:15 a. m. automatically will forfeit the game. All games are nine innings. Managers of the winning teams will report scores to the recreation director at the high school playground.

Other games in the first round of the league play are:

Saturday, August 2, Unknowns vs. Leopards, at high school, and D. C. Hardware vs. D. C. Midgets, at Marchbank; Monday, August 4, Leopards vs. D. C. Hardware, at Marchbank; Friday, August 8, Unknowns vs. D. C. Midgets, at high school.

Second round play will begin on Monday, August 11, when the Leopards play the D. C. Hardware at Marchbank. Other games are: Wednesday, August 13, Unknowns vs. D. C. Midgets, high school; Saturday, August 16, Leopards vs. D. C. Midgets, Marchbank, and Unknowns vs. D. C. Hardware, high school; Monday, August 18, Leopards vs. Unknowns, high school, and D. C. Hardware vs. D. C. Midgets, Marchbank.

The playoffs will be on August 20 and 23. On August 20 the team in first place will play the team in third place at the high school, while the team in second place will play the team in fourth place.

The winners and losers of these games will play on Saturday, August 23, at a place to be decided on later.

The first game will be for the championship while the second game will be a consolidation game for third place.

Roster of players for the softball league is as follows:

Horsemen Plan Annual Show August 16-17

Twelve hundred members of the San Francisco Horsemen's Association are making ready for their seventh annual horse show and spectacle to be held in San Francisco's internationally famous Cow Palace August 16 and 17. Three separate shows are scheduled, opening with a Grand Parade at the Saturday matinee, and concluding with Sunday matinee's Grand Finale.

Elaborate mounted groups will partcipate, and general committee chairman Mike Desiano declared that sheriff posses from nearly every San Francisco bay area county will be present to lend gayety and color to the various programs.

Featured specialty events will include the famed California "Centaurs," a group of twenty-four skillful young. riders, ranging in age from 8 to 14 years, who will present their spectacular precision and pattern riding at all shows. Stake races and a novel "Battle Royal on Horseback" will also be part of the exciting show.

Horsemen from all over the West are being invited to enter the show's varied classes and stakes.

PERSHING P.T.A. ELECTS OFFICERS

At a special executive board meeting on Tuesday, July 22, the General Pershing PTA elected Mrs. E. K. Whinnen, corresponding secretary, Mrs. Jack Caine, financial secretary, and Mrs. C. C. Bloom, auditor.

These officers were elected to fill vacancies created by the resignations of Mesdames R. F. Hartmann, O. L. Wakefield, and E. K. Whinnen.

Mrs. M. E. Nenstiel, president, appointed committee chairmen to fill vacancies as follows: Mrs. Drew Eason, hospitality; Mesdames Jack Caine and V. M. Faragher, co-chairmen for the dance committee. Officers and committee chairmen are subject to ratification at the first regularly scheduled meeting of the General Pershing PTA unit.

Plans were discussed for the Country Store to be held in the fall. Mrs. Abe Gensel was appointed as new chairman of the Country Store, and she asked the members of the executive board to continue their sewing and canning activities during the summer so that an abundant stock will be available for the Country Store.

The board was asked to remind all their friends of the General Pershing Country Dance to be held in the Bellevue Avenue Firehouse on Saturday, August 9.

The meeting was held in the home of Mrs. M. E. Nenstiel, president, at 209A Irvington street.

SON BORN

Mr. and Mrs. Louis P. Warchot, of 3299 San Jose avenue, are the proud parents of a son born Friday, July 11, at St. Joseph's hospital. The boy, named Louis Paul, weighed 7 pounds one ounce at birth.

The Warchots have two other children, Regina, 17, and Loretta, 12.

Newly Organized County Boys' Group

in San Mateo. Five fathers of the local boys were also present.

The enthusiasm of the parents in the proposed program was shown in the short talks made by major league baseball scouts and by city and county officials.

The main speaker of the evening was Walter Mails, one time baseball great and now a leader in Northern California junior sports programs.

His remarks were directed at the adults.

"Why is California building four more prisons?" he asked. "It is because we, the adult population, have failed in the past to spend money on recreation. We have not provided sufficient recreation for the youth of the state, and as a result our prisons and reform schools are filled with them.

"We should use part of the money going into the prison program for youth programs and make this a better state and nation in which to live," he continued.

Mails called upon the adults of the county to back the Boosters' program of providing large scale recreational programs and additional facilities for the county boys.

Joe Sarto's words fell into the same line when he said that what Daly City needed was additional baseball facilities so that the teams here could adequately compete with other teams of the county.

Prior to Mails' talk, San Mateo Police Officer Jim Casey, who is also boxing instructor at Serra High school in San Mateo and boxing chairman of the Boosters, presented a four bout card of matches.

The showing of Bert Dunne's film, "Swing King," explaining how Ted Williams became the major big hitter last year and the serving of refreshments rounded out the meeting.

One of the activities which the Boosters already has started is the baseball school which opened last Saturday morning at San Mateo's East Side Park. Instruction is being given by Walter Mails and Joe Bonowitz, who both have major and coast league experience behind them.

Baseball leagues of juniors, 10 to 15 years, and seniors, 15 to 18 years, are now being formed throughout the county. Walter Lenhart and Al Knorp are in charge of the junior league committee and Tony Monisteri, manager of the San Mateo Blues, heads the senior league committee.

There are 11 VA hospitals in the branch area with 8,354 patients and two VA operated domiciliary homes at Los Angeles and Whipple, Arizona with 3,271 patients.

VA hospitals and their patients loads are: San Francisco, 294; Oakland, 513; Palo Alto, 1,402; Livermore, 409; Los Angeles, 3,137; San Fernando, 352; Van Nuys, 1,340; Phoenix, Arizona, 124; Reno, Nevada, 32; Tucson, Arizona, 384, and Whipple, Arizona, 367.

In addition there were 1,718 veteran patients occupying beds under contract to the VA in Army, Navy and civilian hospitals in the Branch area.

Colonel Cross reported that on July 1 there were no eligible veterans suffering from service-connected disabilities awaiting admission to VA hospitals.

Approximately 30 per cent of the patients in VA operated hospitals are suffering from service-connected disabilities and 70 per cent have disabilities not connected with the service.

There are 8,000 mammals on exhibit at the California Academy of Sciences in San Francisco's Golden Gate Park.

Otto Sodemann

Mr. Otto Sodemann, 55, a resident of Daly City for 31 years, suffered a fatal heart attack on July 5.

Before he moved to Daly City in 1916, he lived in Montreal, Canada. He was born in Germany and was a mechanic by trade.

At the time of his death he was a mechanic for the Wessix Electric Company, San Francisco. He had been employed there for 15 years.

Mr. Sodemann, a bachelor, was found dead on the floor of his bedroom at 274 Edgemar street by three fellow workers on July 9. The three workers were Fred Ward, 6 Bronte street, Wilbur Lee, 495 Valencia street, and Melford Hiel, 390 First street. They went to Sodemann's residence because no one had heard of him for three days.

When the men received no response they contacted the police department and in the company of two police officers entered Sodemann's rooms.

Sodemann's closest relative is his aunt, Mrs. Frieda Harmon, of San Francisco. She lived at 130 Peoria street from 1920 to 1926.

Funeral arrangements were conducted by the W. C. Lasswell Mortuary, on July 12.

The body was cremated and the ashes scattered over the grave of his mother.

Pedestals were originally used only to carry statues or votive offerings, but the Romans occasionally placed columns upon pedestals.

Clothes Taken From Cleaning Shop, Police Solve Crime One Day Later

Less than 24 hours after the Maxwell Cleaning shop, at 7348 Mission street, was burglarized last Thursday evening, the police department not only had recovered the stolen clothes but also the alleged burglar. B. Di Vita, the proprietor of the cleaning shop, said the clothes were stolen sometime between 5:30 p. m. last Thursday and 6:30 a. m. on Friday.

Stolen were three pairs of slacks, two suits, four sport shirts, one sweater and one ladies coat.

An 18-year-old youth from Des Moines, Iowa, was picked up by the police department on Friday while he was burglarizing a San Francisco gasoline station. The youth was identified as W. M. McGabe.

In the car McCabe was driving was the clothing stolen from the Maxwell Cleaning Shop. The car itself was believed to have been stolen in Colorado.

School Buses Transport 65,000

More than 65,000 high school students in California are transported by public school buses, a University of California dissertation for the Doctor of Education degree shows.

The study was made by Dr. Paul C. Bryan to develop a defensible method by which the State may share in the cost of transportation, which varies from nothing to 26 per cent in the various districts.

Dr. Bryan recommends that the State grant aid to individual districts on the basis of direct costs for a uniform district effort. This uniform effort would best be achieved, he says, by requiring each district's contribution for transportation to equal the return from a specified tax rate.

Such a method of providing State aid would preserve the initiative of and control by the local district, promote safety, and equalize the cost of transportation for districts that would otherwise be required to spend abnormally large amounts for the purpose, frequently to the detriment of the teaching program, Dr. Bryan believes.

BUILD NEW HOME

Mr. and Mrs. L. Mallen, who have lived at 529 San Diego avenue, for the past 13 years, have purchased a lot in San Mateo and are building a home. Their new address will be 171 39th avenue, San Mateo.

During their residence here Mrs. Mallen was a member of the local draft board and a member also of Court St. Mary No. 1155, CDA. Mr. Mallen was a member of Daly City Post No. 410, American Legion.

DE SOTO

"Best car I ever owned regardless of price"*

*That statement, made by the overwhelming majority of new DeSoto owners in the latest nationwide poll, adds up to one of the greatest tributes ever paid any car. See DeSoto and see for yourself! Compare it carefully with any of the others. Then we are confident that you will say, "There's my *next* car!"

Drive without Shifting

In the new DeSoto, all normal driving is done without even touching the clutch or gear shift lever, thanks to gyrol Fluid Drive and Tip-Toe Hydraulic Shift. You touch the brake to stop . . . then step on the gas to go. Easier driving than you've ever known, both in traffic and out on the open highway.

Freedom from Blowout Fear

Blowouts that tear the tires off rims can put cars out of control. New DeSoto Safety Rim Wheels keep tire and tube in place. Even at high speed they help you to come to a safe, straight stop.

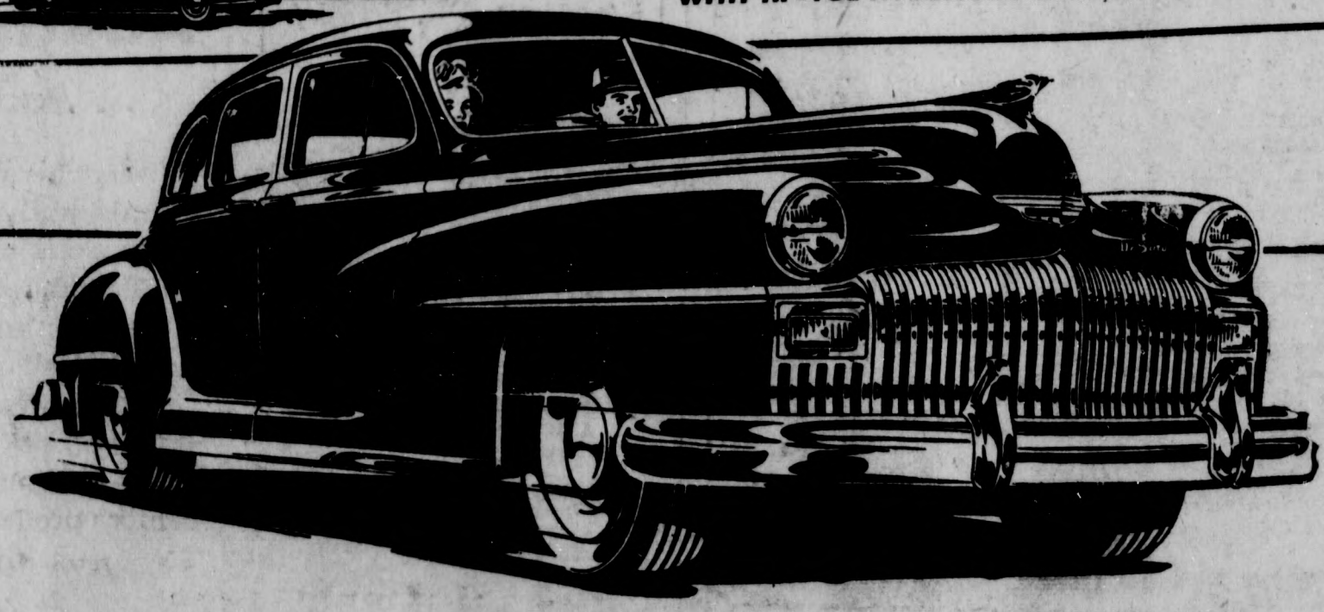

Freedom from Brake Effort

No longer need you bear down on the brakes. With DeSoto's new Safe-Guard Hydraulic Brakes, you need far less pedal pressure. Most important brake improvement in years.

It will pay you to give your present car the best of care. Skilled service now may save big repair bills later and will increase your car's trade-in value. We have the modern equipment, trained mechanics and factory-engineered and inspected parts that your car needs.

Better Off Than Your Folks? Watch Yourself

If you're better—or worse—off than your parents you may be mentally and emotionally unstable.

And the greater the differential between you, whether upward or downward, the greater the chance of such instability, says Martin Loeb, assistant professor of social welfare at the University of California.

"The individual who has climbed above his parents, either socially or economically, has to secure his gains," Prof. Loeb points out. "He is constantly concerned with the possible loss of his present status. The individual without such gains never knows this fear because he doesn't anticipate any decline.

"Similarly, one who is worse off than his parents brings with him some remnants from his past and is usually accepted with mixed feelings among people of the next lower class."

Straining to maintain or regain social or economic status results in tensions capable of producing personality problems. These in turn may lead to emotional or mental upset, Prof. Loeb says.

Number Of Autos Reach New High

Automobile registrations reached an all time high, announced Edgar E. Lampton, when on May 31 of this year 3,458,738 motor vehicles had been registered. With the year still young, we have 8,641 more vehicles registered in California than for any previous year.

Director Lampton stated that a record had been established in 1946, when on December 31 3,450,097 vehicles were listed in the Department's records.

TRUCKS FOR SALE

A competitive bid sale on 210 used trucks and 267 used trailers, in which all buyers will bid on equal terms without regard to priorities, will be held by War Assets Administration July 24 and 25 at the Masonic Hall, 25 Van Ness avenue, in San Francisco. On sale will be vehicles which cost the government $850,000.

Eligible to buy will be authorized motor vehicle and trailer dealers, authorized exporters and World War II veterans holding WAA certification Forms Number 1127 or 63.

UCLA Withdrawals At Pre-war Level

Despite reports that all over the nation economic and scholastic difficulties are forcing veterans to drop out of school in unprecedented numbers, no greater percentage of male students are withdrawing from the Los Angeles campus of the University of California now than in the prewar, preveteran year, 1939-1940.

This fact is contained in a statistical analysis of honorable dismissals granted in the past academic year.

Whereas 5.05 and 4.31 per cent of male undergraduates withdrew during the 1939-1940 fall and spring semesters, respectively, the two semesters just passed saw the withdrawal of 6.32 and 4.08 per cent of the men enrolled at the university.

Area Employment Situation Good

While employment in the Bay Area has leveled off during the past few months, the over-all job situation is much better than it was before the war, a survey by the State Department of Employment disclosed.

There is now one person jobless for every 13 working, compared with one out of six unemployed in the prewar days, the survey stated.

The survey, made on the basis of records for the first half of 1947, showed unemployment is more acute in San Francisco than in surrounding counties, with an average of about 30,000 jobless monthly.

In the five Bay counties, non-agricultural employment is about 850,000, compared with a wartime peak of 834,700 and the prewar figure of 565,000. The unemployment total was set at a steady 65,000 to 70,000 in the Bay Area, compared with the prewar total of 87,000.

While the department made no predictions for future employment or unemployment, it indicated the present figures would remain about the same with some slight increases compensated for by seasonal lags in certain industries.

The survey also showed that many of the current job seekers are out-of-state workers. Of the 8805 persons seeking employment in San Francisco, 1555 were persons who had come here since the first of this year.

DREAM HOUSE

That tidbit in the news about famed architect Frank Lloyd Wright's newest contribution to "harmonious habitats" invites use of the old bromide about "people who live in glass houses," but we won't indulge.

The master craftsman of structural design was commissioned by a Dallas oil man to project a 47-story glass hotel on a drawing board. The result of Wright's effort is a radical dwelling of glass, magnesium and light stainless steel, which will go up "when the costs of labor and material go down." The structure, of course, is opaque in the right spots, but still a startling example of things to come.

For many in this house-hungry Nation, wistful conjecture is the nearest approach to the home of their dreams — glass or otherwise. Yet, if glass houses prove popular, and enough are built, the yearning for that unattainable new home can be partially appeased. At least if you can't buy or build your own, you can look into your neighbor's!

University Conducts Kitchen Utility Test

Further streamlining of the farm kitchen may result from a survey now being conducted by home economists at the University of California of Agriculture here.

Miss Jean Warren, professor of home economics at Davis and leader of the survey, has selected a complete set of kitchen utensils from a wide variety supplied by federal home economists and, with the cooperation of 30 California homemakers, is discovering which utensils are used most often and the best way to store them.

At 4 a. m. on August 1, 1873 San Francisco's first cable railway went into operation.

Don't Overwork L.A. Doctor Says

It is possible to overwork yourself almost to death, Dr. J. M. Nielsen of Los Angeles, reported today in "California Medicine," published in San Francisco.

Nielsen cited three cases of exhaustion, one a boy of 16 who wanted to build himself up to join the marines. For three months the boy exercised continuously, increasing remarkably his weight, his weight-lifting prowess and ability to do "push ups."

Then suddenly one day his strength left him and his weakness became extreme, approaching paralysis. He could hardly dress himself or tie his shoes, and this condition continued for months.

A 61-year-old milk inspector moved 539 cans of milk weighing 128 pounds each in three days. On the evening of the third day, he was completely exhausted, lost 27 pounds in six weeks in spite of complete rest and when last seen, was too weak to do any but essential walking and spent 12 hours a day in bed.

A university dean who worked 15 to 18 hours daily for 10 years reached so low a level of endurance that walkiing two city blocks was sufficient to put him in bed for three weeks. He lost 70 pounds and his weakness approached paralysis.

"These cases do not extend our knowledge of the metabolic disturbance responsible for the exhaustion,' said Dr. Nielsen, "but they do demonstrate that even a 16-year-old boy in excellent health may increase his muscular development remarkably only to lose all his gain and become a chronic invalid by overexertion and that an older may may similarly ruin his health by much less overwork."

The peach has long been cultivated in China and was written about some 2,000 years before its introduction to the Roman world.

California Leads In Meat Production

California led 35 other states in meat production last year, according to a statement just issued by the National Live Stock and Meat Board. Proof of the outstanding role of California as a livestock and meat state is also revealed by figures showing that the cash income received from meat animals by its farmers and ranches in 1946 totalled $217,194,000. Of this total, $166,264,000 was received from cattle sales, $27,339,000 from the sale of hogs and $23,591,000 from the sale of sheep and lambs.

Buildings For Sale

War Assets Administration is offering for sale 28 buildings at the Oroville Army Airfield and adjacent housing area, four miles west of Oroville, with bids accepted up to 2 p. m. on August 5, officials announced.

Also on sale are a gasoline pump, telephone facilities, fire hose boxes containing 750 feet of hose, underground gasoline storage tanks and fueling systems, and 40 tons of coal.

The buildings are on sale to federal, state and local government agencies and non-profit institutions on priority until July 25, after which the public may bid, with all bidders given equal consideration.

Good for Food

Did you know that dandelion is a good food crop? It is a hardy, cool-climate crop adapted to much the same conditions as kale and spinach. It will grow through winter if mulched over lightly, and produce greens very early in the spring.

WRIGHT BROTHERS
These daring and intrepid men started mankind on his successful conquest of the air with their first airplane flight Dec. 17, 1903. Since then other air pioneers have added new and greater chapters to the story of the air age, but it was through the courage and vision of the Wright Brothers that this was made possible.

Naval Reserve Unit Activated

The first Naval Reserve unit in the Twelfth Naval District to reach 100 per cent of its strength even before organization is complete, will be activated in Monterey Sunday, July 20, at 3 p. m. as Naval Reserve Organized Surface Division 12-23. Rear Admiral D. B. Beary, U. S. Navy, Commandant of the Twelfth Naval District, will activate the unit of ten officers and 200 enlisted men in ceremonies at the Monterey Union High School stadium.

High ranking officers of the Navy will be joined by Army officers, stationed in the Monterey area, to participate in the event. Speakers will be Admiral Richmond K. Turner, USN (retired); Major General J. A. Doe, USA, Commanding Officer of Fort Ord; John B. Morse, president of the Navy League Council; and Andrew Jacobsen, chairman, County Board of Supervisors.

A submarine chaser on which Naval Reservists of this Nava! District receive training, will be full-dressed in the Monterey harbor Sunday in honor of the new unit.

U.C. Holds Down Size Of Classes

In spite of the unprecedented increase in enrollment brought on by returning veterans, class size and the faculty-student ratio at the University of California have been held within reasonable limits, and the major campuses are being prepared to accommodate even larger numbers this fall.

This assurance to the people of California was given yesterday by University President Robert Gordon Sproul on the basis of surveys just completed on the Berkeley and Los Angeles campuses.

President Sproul points out that class size is fixed by the size of classrooms. Exorbitantly large lecture classes and great numbers of even moderately large lecture classes could not be scheduled even if they were desirable because lecture halls of such capacities either do not exist or are few in number.

Concerning the rumor that a great number of lecture classes at Berkeley are aproaching and even exceeding the 1000 mark, President Sproul said: "There are only three lecture halls on the entire campus which accommodate more than 400 students, and only one which accommodates more than 550. On the other hand there are fifty general class and lecture rooms which accommodate less than 48 students, and a total of 106 which accommodate less than 100 students.

"On the average, classes meeting in these rooms are smaller than the maximum capacity. A survey made in April, 1947, revealed that the average class in session at any one time contained 32 students. The same situation prevails on the Los Angeles Campus."

In explanation of the process by which large enrollments have been cared for. President Sproul added: "Our primary recourse has been expansion of the college day to include all the hours from 8 a. m. to 10 p. m., including the noon hour. and expansion of the college week to include Saturday from 8 a. m. to 1 p. m. Even last fall there were 6581 students attending noon classes at Berkeley, and 3180 students on the Los Angeles campus were attending classes after 5 p. m."

Uphold Court's Integrity

Only one justice of the United States Supreme court has ever been impeached—and that one was acquitted and resumed his seat on the bench, according to the Encyclopaedia Britannica. Articles of impeachment were brought before the senate against Justice Samuel Chase in 1804 because of his activities in behalf of the Federalist party.

Your Home

By Frances Ainsworth SC

It's surprising how many interesting things one runs across while shopping, isn't it? I've been re-decorating my home, and last week I visited our leading department store in search of just the right venetian blinds to complement my new color scheme. With the help of the store's Home Furnishings Advisor — a very good friend of mine — I found just the shade I wanted in a wooden blind which I prefer. Then my friend took me into her little office and showed me some of the pictures she had borrowed from Bettman Archive. The first was a photo taken from an Old German Master, showing a window covered by a simple piece of cloth hung over a rod — certainly a far cry from our handsome window dressings of today!

It was the second picture which really amazed me, however! Did you know that venetian blinds were invented as long ago as 1812? Well, they were — by a carpenter named "Cocoht" in Paris and this picture showed one of the first blinds used, a haphazard arrangement of split wood slats.

Back in those days, venetian blinds were strictly luxury items but now they're practically a household necessity. And small wonder, too, when we can choose between metal, plastic, and wood — all moderately priced . . . almost any color is available . . . they're easy to clean, smart looking and durable.

Security, Good Pay In U.S. Navy

Good pay—fine living—security toward an early retirement; this is what the young man of today is in search of. And that's just what the peacetime regular Navy is offering, plus a technical education in the field of electronics.

If you are between 17 and 30 years of age, the Regular Navy is offering to pave the way toward your tomorrow with training in the science of tomorrow. In the Navy, electronic technicians get the finest of schooling and work with the newest of electronic devices.

For young men with initiative the Navy is an adventure with a future. In the field of electronics, duty may take you to any part of the world, ashore or afloat, in submarines or aircraft, working with some of the finest of 3700 different types of electronics equipment.

If you can meet the Navy's standards, you are eligible to apply for this training. Inquire today at any Navy Recruiting Station. Tell them you want to enlist as an electronics technician. They will carry on from there.
